Investing in Europe

How to seize new opportunities and navigate legal challenges.
Practical tips for strategic and financial investors.

Join us for a round-table to discuss current trends in doing business across Europe. Partners from leading European law firms and in-house counsel based in the US will share their insights into:

- Outlook of investments between the US and the EU: BREXIT and other hot topics.
- EU Privacy/data protection reform and its effects on the transatlantic economic and commercial relationships.
- Data privacy considerations in cross-border M&A transactions.
- Impact of legal and cultural differences between the US and the EU: TUPE rules, tax structuring and other challenges in deal making.

Approved for WA 1.5 Law & Legal Procedure CLE Credits.

The event will be followed by a networking reception featuring European wines and hors d'oeuvres.

| Guest Speaker: | Panelists: | |
|---|--|---|
